I am of opinion that T.B's of all classes shd be constructed from State Grants. maintenance charges being shared equally by the P.W.D & the St. Bds Dpt. & the charges incurred for occupation will also have to be shared equally by the two viz P.W.D & St. Bd. A question of policy is involved in the consideration of this matter. At present equipment for T.Bs is provided from State Grants. If there is to be consistency in the arrangement then this charge shd also be met by both the P.W.D & the St. Bd. I shd suggest the St. Bds. being consulted by the Maker.

This is a general q. & maybe dealt with separately if req.

This is not likely to be decided soon The case of Sudibandh is therefore for orders

Letter No. L.F.C.1914/18-19 dated 28th December 1918 from the President District Board, Kolar, to the Revenue Commissioner in Mysore.

In enclosing herein an estimate with plans amounting to Rs 8695/- for the construction of a Third Class Travellers' Bungalow in Gudibanda Town received with Kolar Division Executive Engineer's letter No. 1681 o the 11th instant, I have the honour to state that according to Government Order No. G. 17618-73 G.M. 198-14-60 dated the 27th June 1918, the management and control of these Bungalows have since been taken over by the Revenue Department. Para 5 (9) of the said Government Order also directs that only the cost of repairs to these Bungalows has to be provided in the Local Fund Budget on requisitions from the Deputy Commissioners.

As, under the circumstances, the District Board seems only liable to meet the cost of repairs of these Bungalows, the estimate for the construction of the building which is an original work is herewith forwarded for favour of disposal in the Revenue Department, and for obtaining sanction of Government out of State Funds.

Routine Notes.

Subject.

In the file relating to the 30 of June 1918 there are a few references relating to the principle therein involved.

The Dy Secretary was of opinion that it was the primary duty of the Boards to provide accommodation for the travelling public. The Second Member was of opinion that all the bungalows should be transferred for management & control to local bodies.

When the opinion of the local bodies was taken as regards the transfer of the D.B's to their control, most of them were not in favour of the transfer as the proposal involved extra financial burden.

To make the D.B's more efficient a State grant was given as special case, the supervision of D.B's being in the hands of the revenue officers, the maintenance & upkeep of the 2nd class D.B's resting with Govt & those of the 3rd class resting with the D.C. Boards.

As regards construction, it is seen from the statement in the file that the procedure is not uniform. There appears to be no explicit order in any standing order on the point.

It may be mentioned that some of the 3rd class D.B's which had been ordered to be closed on the 30 of June 1918 have been since ordered to be kept open on the recommendation of the D.C. Boards, their upkeep & repairs being attended to by them.
